

Progressive Education Center Tentative Summer Schedule 2018

8 Weeks: June 25 through August 17 (including holidays)

Summer is a great opportunity for students to prepare for the future. During the school year, students are often juggling homework, school clubs and extracurricular activities in their limited time outside of class. Take advantage of this summer break with Progressive Education Center! Progressive Education offers a variety of options for you to mix and match.

SAT 1, Math/Verbal (8 hours/week)

Students will practice test-taking skills needed to master the SAT exam. The course will guide students on how to study for the exam, and to strategize for maximum scores. Students will practice problems and receive homework to understand their mistakes and see test patterns. There will be at least two full practice exams taken during the weekday classes.

- \$960/month + materials fee (\$240/week; \$30/hour)

Guided Learning through Fun (32 hours/week)

In this summer program, students will explore a variety of topics that will enrich their academic learning and revamp their attitude towards learning. Topics may include music, international culture, applied science, programming. However, students will be encouraged to bring their own interests and prior experience to class, and take ownership of their personal growth. In addition, students can choose to supplement with any of the additional lessons below.

- \$800/month + materials fee (\$200/week; \$6.25/hour)

College Prep – Personal Statement

This course will review a variety of college application statement questions and help students practice strategies for writing personal statements. Students will learn to clearly express their experiences, increasing their chances of acceptance to students' top school choices. At the end of the course, students should have completed multiple drafts of their personal statements that can be used in their college applications. Taking this class will also qualify for discounted private essay revision services.

- Private

Algebra/Geometry/Pre-Calculus/Calculus/Physics/Chemistry/ Critical Reading/Public Speaking/Persuasive Writing

Each subject-course will provide an overview of key concepts to help students succeed in the subject during the regular school year. Exposure to subject fundamentals will contribute to students' further understanding of the subject. There is a curriculum workbook required for each course.

- Private/Group
